

BLUE EARTH COUNTY
MEC² PRO CHILD CARE PROVIDER
ASSURANCE FORM

While Blue Earth County supports the mission of providing funding for families needing child care, it is also important to ensure those funds are appropriately utilized. Providers using MEC² PRO must provide assurances to the county to prevent misuse of public funds.

Upon submitting billing forms electronically, the provider will be asked to authenticate the accuracy of the billing forms by electronically signing the form. Unlike the former process, a parent signature is not required for child care providers using MEC² PRO. Blue Earth County is requesting MEC² PRO Child Care Providers to document child attendance and make those records available to authorized Blue Earth County staff as part of a random billing accuracy evaluation.

The assurance and authorization statement below must be signed by the appropriate provider staff and received by the agency before enrollment. If you have any questions, please contact Anne Broskoff, Social Services Supervisor at 507-304-4292.

I authorize Blue Earth County Staff access to child attendance records for
